The 45-year-old Cabrillo Trunk Sewer that runs through Balboa Park along Why:

> State Route 163 is in need of rehabilitation after damage caused by age, tree roots and breaks. This project will restore the structural integrity of the pipe, inhibit root infiltration, reduce maintenance costs, and extend the life of the sewer main for another 50 years. To see a map of the project, please visit the

project's Web page.
